The Boulders Completes Golf Clubhouse Renovations

New Season Brings New Caddie Program, New Golf Academy Programs, New Director of Golf Operations, New Style and Panache to Clubhouse Restaurants

CAREFREE, Ariz.—February 6, 2017 —The Boulders has made its mark as one of the finest golf destinations in the world with its two Jay Morrish-designed championship golf courses. Now, in true Boulders style, they unveil a luxurious new clubhouse, pro shop, members lounges, event space and restaurants—all set amidst the most stunning natural landscape in the area.

“Not only does the Boulders have a reputation for a world-class golf experience, with the best in resort accommodations and residential living, but this beautifully appointed country club and top-shelf refurbishments will elevate the experience for our golfers and club members to enjoy,” said Ryan McKay, the newly appointed Director of Golf Operations.

Grill Kitchen & Bar: While the Boulders Resort is serious about its championship golf courses, they are also scoring rave reviews for the myriad dining options thanks to Executive Chef Brian Archibald. The newly opened Grill Kitchen at the Boulders Club, brings a sophisticated casual dining experience that combines polished service with an extraordinary wine list and mouth-watering cuisine described as “American Classics” with intense and delicate flavor profiles—from hearty hickory smoked prime rib and seafood to fresh salads, Cubano sliders and the famed “Divot Nachos.” With an open-gallery “chefs in action kitchen,” the Grill Kitchen is the place to enjoy great food combined with stunning views of the 18th green and the surrounding desert tapestry. The newest focal point with this renovation is the expanded outdoor terrace wrapped around the restaurant, where guests can relax and enjoy panoramic views in all directions. The new outdoor bar services also lends to an inviting atmosphere for friends to gather after a game of golf or as a sublime dining experience for those who love their beef rare and their wine the same way. The expanded terrace offers seating for 85 people.

Members Lounge: The newly-designed men’s and women’s locker rooms are now sophisticated with beautifully refined aesthetics that include new furnishings, finishes and thoughtful amenities. New steam rooms and bathroom enhancements include shower upgrades and high-end fixtures. Additional lockers have been added for resort guests and non-member golfers.

Swimming Pool: The Club swimming pool upgrades include new decking and beautiful outdoor furnishings.

Pro Shop: Men’s and women’s Callaway XR irons and woods rental clubs are available.

that combines the indoor space with the inspiring natural surroundings. Adobe-wood burning fireplaces and outdoor bar service make this area ideal for evening receptions.

New Caddie Program: The Boulders brings back a “timeless tradition” of playing golf with a professional golf caddy to help guide a player’s tee shot introducing a new “Caddiemaster” program. It includes certified caddie professionals “who know the tricks and challenges of the Boulders golf courses,” says McKay.

Boulders Golf Academy: Donald Crawley, the Boulders PGA instructor was named by *GOLF* magazine as one of the “Top 100 Teachers in America, an accolade that he has received every year since 1999.
